

Classroom Management Strategies
Presenter: Taylor Savale

Strategies for Special Needs Children (But Really for ALL Children)

- Try to figure out their function of behavior (Why are they doing what they're doing?)
Behavior is communication...the child is trying to tell us something.
 - Attention:
 - Escape:
 - Tangible:
 - Sensory:
 - Power/Control:

Strategies for Preventing Disruptive Behavior

- Prep, Prep, Prep!

- Connect Before You Correct:

- Review Classroom Expectations EVERY week: (see pg. 20 of Teacher's Manual)

Strategies for Dealing With and Teaching Through Disruptive Behavior
(see pages 21-22 of Teacher's Manual)

- Use subtle techniques to *redirect* children:

- Figure out the "why" behind their actions:

- Administer logical consequences for misbehavior

- Ways to bring back a rowdy classroom:
